

WHEN BOOKING A BOUNCY CASTLE, THERE ARE SOME THINGS TO CONSIDER.

CHECK OUT OF LIST OF THE **TOP 8 THINGS** TO THINK ABOUT:

1

POWER AVAILABILITY

Is a power outlet available within 25 meters? If not you may need to provide a generator.

2

ACCESSIBILITY

Is there a minimum of 1.2-meter-wide access to the set-up area? Are there any restrictions such as stairs, narrow gates, steep driveways, going through a house or building?

3

SPACE REQUIRED

Have you measured the required space for the Bouncy Castle? Bouncy Castles require a minimum of 1 meter extra around the area.

4

SURFACE TYPE

What surface type is the Bouncy Castle going on? Real Grass, Concrete, Gravel, Artificial Grass. This will help us ensure we bring the right equipment to secure the Bouncy Castle

5

CLEARANCE ABOVE

Is there any overhanging wires or branches? Bouncy Castle can sometimes be very high.

6

PUBLIC SPACE

Are you setting up in a public space? You may be required to gain approval from your local council if you are wanting to set up at a local park or reserve.

7

SUPERVISION

Will you require our professional staff for supervision?

8

TIMING

What is the earliest arrival time and the latest collection time? Depending on the day's schedule you may sometimes get your Bouncy Castle earlier than requested and collected later than requested.
